Washinoron, D. C., September 15, 1870.

We think members elect whose disabilities have been removed, the ron-clad oath. And this only leaves the question open, whether the Democratic party in Georgia shall support any of such who may be candidates for Congress? We think that is should in all cases where their political record has demonstrated their fidelity to the State; where Democrats have confidence in their political integrity; and where these political disabilities have been removed, are legally oligible without taking the test oath, but we do not believe they would be enrolled by the Radical Clerk of the House, or be permitted to participate in the erganization of the Hours. We therefore urge assafest that none should be nominated who cannot trike the test oath.

From E. Berry, Esq., of the old and wellknown firm of E. Berry & Co, No. 280 Front Street.

MEMPHIS, TENN., Sept. 8, 1870.

After making true trial of Doctor Jerome Pancosts. New System of Cure for Catarrh and affections of the lungs, I can, with entire confidence, commend it to my friends as being all that the Doctor claims for it. In a climate like this, where so many suffer from these dangerous and annoying complaints, it is of unfold advantage to have in our city permanently located, an educated and competent physician in this special department of practice, and this benefit I am confident is fully supplied by Doctor Pancost.

MEMPHS. TENN., June 1, 1870.

I deem it a duty I owe, not only to Doctor Jerome Pancost, but to hundreds of others who now are auffering from Catarrh and Throat and Lung disenses and feel that in doing so I can in no way better serve the cause of saffering humanity than to publicly bear my testimony to the permanent benefits I have received from his new system of practice and his superior skyll in the freatment of these prevalent and damerous class of maladie.

From Mr. John Hilstrum, No. 32 Exchange street.

MEMPHIS, TENN., Sept. 6, 1870.

A deep sense of gratitude for the permanent benefits I received from Doctor Jerome Pancost's treatment promp's me to add my humble festimony in behalf of all who may now be experimenting with the various schools of medicine seeking relief. For a number of years before I placed myself under Doctor Pancosta's treatment, I was almost a constant sufferer from that painful and distressing complaint, ASTHMA. Indeed, no language can convey to the general and distressing complaint, ASTHMA. In-deed, no language can convey to the general reader the remotest idea the extent of my sufferings, and it would be useless for me to enumerate here the various remedies I have tried or the number of physicians I have made application to, as I have failed in both to realize even temporory relief.
